LAHORE: Chairman Pakistan Tehreek-e-Insaf (PTI) Imran Khan has said that we would congratulate the ruling alliance when the deposed judges are reinstated otherwise the future strategy of All Parties Democratic Alliance (APDM) would be severe protest.

Addressing the Insaf Student Federation Convention here on Friday, he hoped that Pakistan Peoples Party (PPP) and Pakistan Muslim League (PML-N) would fulfill their promises with regard to reinstatement of deposed judges as per Murree declaration.

The future strategy would be devised from platform of APDM if the judiciary were not restored as pre November 03 position, he said, adding that, reinstatement of deposed judges sans Chief Justice Iftikhar Muhammad Chaudhary would not be acceptable.

Strongly criticizing National Reconciliation Ordinance (NRO) promulgated by the President, he said, those people who were involved in corruption amounting to billion of rupees and even im murder has been released through NRO, which is shameful.

Loans worth Rs. 55 billion were write off during last 5 years, Imran said, adding, today Pakistan owed Rs. 5.75 trillion. Rs. 1.5 billion were utilized over visit of President Musharraf to different foreign countries and it could not yield any positive result, Chairman PTI noted.
