Hypocrite of the year go's to Imran Khan

- Hypocrisy is the act of pretending to have beliefs, virtues and feelings that one does not truly possess. The word derives from the late Latin hypocrisis and Greek hupokrisis both meaning play-acting or pretence. The word is arguably derived from hypo- meaning small, + krinein meaning to decide/to dispute. A classic example of a hypocritical act is to denounce another for carrying out some action whilst carrying out the same action oneself.

3. Then we have the fact that the courts proved he had fathered a love child by Sita White.

4. We now see the "devout" Imran playing the radical muslim card, still with all that practise he had falling out of Stringfellows and other clubs/casinos at 3AM three parts pissed over the years with some bimbo attached to his arm, still I am sure he was just doing "research" on our infidel western ways... When one considers the numerous reports in the press over him being snapped in some bar or other he must have done a hell of a lot of "research". Amongst the woman seen on his arm over the years, include such bedpost notches as Susannah Costantine, ex-model Marie Helving, and artist Emma Sargeant

5. Now it way be petty but I shall bring up the fact he
