## Imran Khan chills out in Mumbai

December 29, 2007

Pakistan may be on the boil following the assassination of former premier Benazir Bhutto [\[Images\]](#), yet cricketer-turned-politician Imran Khan [\[Images\]](#) finds time to relax.

Imran is in Mumbai on a personal visit.

Imran, at a press conference in Mumbai, had expressed concerns that 'people have lost faith' in Musharraf and 'nobody is safe in Pakistan.'

"Who will now address a political rally? Who will come to attend the rally? A recent survey said 80 per cent of the Pakistani people want Musharraf to step down but he refuses to leave his post," he had said.

Muslims in Pakistan( part of India pre 1947) were Hindus who were converted to Muslims by force otherwise they would have been castrated.  
 Many of these Muslims call themselves Rajputs etc.Zulfikar Ali Bhutto's mom was a Hindu.  
 As far as pakistan is considered,it is best it is divided into 5 countries as suggested by a pakistani himself.

He is a taliban and mullah lover, who believes in Islamic supremacy over anything finally of course like every egoist his personal supremacy. He is India hater and only thinks pakis and Muslim are supreme. But when he wants pork and women he heads for India. Yank his visa and kick the dick wart out.

I don't understand why people feel bad when a politician dies. Infact I feel happy as they are the ones who kill so many innocents and if one of them die why is there such a hue and cry. Feel relaxed guys, they killed so many innocents and its time for them to taste few of their deeds.  
 I am not saying i am happy as a pakistani politician died I would be equally happy if one of the corrupt indian politician takes the same fate. These politicians (95%) deserve the same fate.
