[Pervez Hoodbhoy attacked by Taliban Khan \(Imran Khan\)](#)

10 05 2009

Just to let you know:

by Pervez Hoodbhoy

1. Neither Imran Khan nor I knew the other would be there. Imran Khan said that he would not have agreed to come if he knew I was an invitee. We had had an earlier encounter on Dawn TV that still irked him.
2. Imran Khan blamed the Americans for having ordered the operations in Buner and Swat. When I responded that it wasn't the Americans but the Taliban who were blowing up girls schools and cutting throats, Imran Khan furiously accused me of being a security advisor to the Americans.
3. During the break, Hamid Mir asked Imran Khan how exactly he knew I was an American agent. Imran Khan replied that "Pervez's friend R***** told me". I told Imran Khan that he was talking nonsense and had gone mad in making such a serious allegation on TV. Imran Khan rose in fury from his chair to hit me. I recalled my boxing days in school and got up too...

I find it very sad, especially since I still admire Imran Khan's contribution to society – his Shaukat Khanum

Pervez Hoodbhoy is one of the best scientists of Pakistan. Imran Khan's only an opportunist... An honest free-thinking intellectual in such a dogmatic society is a real hero.
And such accusations deserve no answer..

It is not nice that a great sportsman like Imran Khan turned out to be such a moron. He should go and live in the mountains with the taliban, that is where he belongs. The taliban are animals, and as a sympathiser, so is he.

And one more thing, the people those who are calling Imran Khan, Taliban Khan... will mourn for the leader like him... these sort of people deserve the president(s) like Zardari or Musharaf... May God protect Pakistan and the common man from the American agents like Dr Hoodbhoy, Zardari and his followers (Amin)

But look at the attitude of Dr Hoodbhoy.. he always accused the Journalists, the anchor persons, and all those people those who don't agree with his stupid arguments. If I was Imran Khan I would do exactly the same or may be worst... Imran Khan is a practical man and the people like Dr Hoodbhoy can only shout and argue at Geo TV. We dont need a people like him !!!
